Remarks

A Mediterranean inspired enclave with country club resort amenities. Your approach to 146 Rimini Way is through a gated entry and lushly landscaped Boulevard, framed by ornamental grass, beautiful homes, the calm serenity of a spectacular golf course, and walking trails. The owners just completed a total renovation of the primary bathroom, installation of pool computer system, lanai screens, sprinkler heads, whole house water filtration and softener systems, and a sundry of other enhancements. The home has been refined in soft shades of greige with pops of brown, black and yellow---richly toned hardwood floors and cabinets, high and decorative lit ceilings, crown moldings, quartz counters, and plantation shutters. The focal point is a saltwater heated pool/spa with deep and wide lake views. The under screened, spacious, and broad lanai has paver brick flooring and an underroof entertaining/dining area. You'll enjoy mesmerizing sunsets from the lanai, café, kitchen, primary living area, and master bedroom, watching cranes and egrets feed their young, as the young learn to fly. Privacy with ample sized bedrooms awaits your guests. The home's functionality is enhanced with 3 bathrooms, a study directly accessible to the common living area via richly appointed French doors.
